PCT Notification of the Transmittal of the International Search Report and Written Opinion of the International Searching Authority, or the Declaration with attached PCT International Search Report and Written Opinion of the International Searching Authority in International Application No. PCT/US2007/071063, dated October 7, 2008, 16 pages.

Applicant wishes to inform the Examiner of the following co-pending PCT international application, which is at least partially commonly owned with the present application:

PCT International Application No. PCT/US2007/071063, filed June 13, 2007, which claims the benefit of U.S. Patent Application Serial No. 11/427,855 filed June 30, 2006, which was published as U.S. Patent Application Publication No. US 2008/0000377 A1, and cited in an Information Disclosure Statement submitted to the USPTO on March 24, 2008, in the instant application.

Although this Information Disclosure Statement is being filed after a Final Office Action has issued in the present application, Applicant requests that the Examiner consider the Information Disclosure Statement under 37 C.F.R Section 1.97(d) because each item of information contained in the statement was first cited in a communication from a foreign patent office in the aforementioned co-pending PCT International Application No. PCT/US2007/071063 not more than three months prior to the filing of this Information

Disclosure Statement.

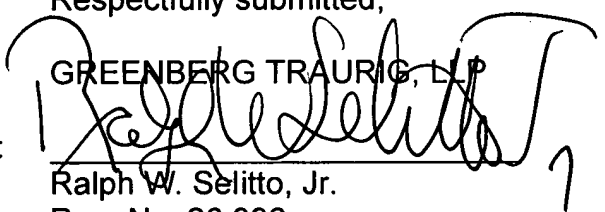

The present application was filed after June 30, 2003. Therefore, under the July 11, 2003, waiver of 37 C.F.R. Section 1.98(a)(2)(i) by the U.S. Patent and Trademark Office, copies of U.S. Patents and U.S. Patent Application Publications listed in the attached PTO-1449 form are not enclosed. Copies of all other references are enclosed for the convenience of the Examiner. No representation is made that a search has been made, that these references are material to patentability, or that these references qualify as prior art.
